

CITY HEALTH BOARD

Discusses the Matter of Its Annual Appropriation.

THE EXPENSE WILL BE INCREASED

On Account of the Small-pox Patients and the Need of a New Crematory, Although Otherwise Cut Down—The Items as Passed by the Committee Last Night.

Last night the council committee on health had a very interesting meeting. It was called for the purpose of making up the estimate of the annual needs of the department. After the estimate was made up it was found that last year's expenditures had been cut down considerably in regard to ordinary expenses, but the recent smallpox cases and the new crematory, almost an absolute necessity, must swell the total expenditures of the committee materially. The estimate in detail, so far as it could be made up, was as follows:

Advertising and printing.....	\$ 200
Removal of garbage.....	6,000
Superintendent of crematory.....	7,200
Labor at crematory.....	400
Repairs to crematory.....	500
Hardware.....	30
Ice.....	5
Linoleum.....	50
Inspection.....	600
Plumbing.....	25
Outstanding bills.....	200
Salary of Health Officer.....	1,600

Total.....\$10,130

The cost of taking care of the small pox cases could not, of course, be fixed, because there are still two on hand. This was allowed to remain open until something definite could be obtained. The proposed new crematory furnace was also left off the list, as bids have not yet been received, and it is not known when a new furnace will cost if it is decided to build one.

The question of returning orders to clean premises to the health officer was brought up by Mr. Haller, and discussed at some length, but the health officer being absent no action was taken. Bills aggregating \$27.92 were recommended to council for payment.

The committee's estimate will have to be gone over by the finance committee before it is made a part of the annual appropriation ordinance, and then will have to be approved by council.

The Unlucky Thirteen.

Last night the house of Ella Debuta, on Tenth street, so objectionable to the school board, was raided, and she, three girls and seven men were arrested, a total of eleven. There were already two disorderlies in the lockup, so that the police court docket rounds up with the unlucky thirteen once more.

CAUGHT THE CONTRACT.

Pittsburgh Locomotive Company Gets a Big Job From Texas.

Pittsburgh, Pa., April 17.—The Pittsburgh Locomotive Company to-day caught the contract for twelve standard gauge locomotives for the Georgetown and Trinity railway in Texas. The line is 650 miles long. An official of the locomotive company stated that the Illinois Steel Company had taken the contract for the rails away from the Carnegie company. The Hopkins construction company, of St. Louis, will build all the bridges on the line and the Denver construction company, of Denver, was given the contract for building the road.

K. of P.'s Capture Farmington.

Special Dispatch to the Intelligence.

FARMINGTON, W. Va., April 17.—The Knights of Pythias hold this town tonight. Fidelity Lodge No. 7 is in process of construction. Twenty-seven members, bold and true, signified their worthiness to wear Knights' armor. Some eighty-five knights from Fairmont, Granton, Baltimore and Mannington are here making it interesting for the boys. Among the notables are J. E. McCoy, Grand C. C., of Fairmont, and Deputy C. C. W. Bastnett, of Mannington; Black Diamond Lodge No. 72, of Monongah; T. G. Price, J. P. Beck, L. M. Bryan, T. M. Vance, G. M. Shaver, John Higgins, James Rodgers, and many others.

Sentenced for Burglary.

Special Dispatch to the Intelligence.

WESTON, W. Va., April 17.—William Snow, of Lewis county, was sentenced in the United States court at Clarksburg to-day to the state penitentiary for two years for robbing the postoffice at Gaston. Snow is a young man twenty years of age, but he has already served one two-year term for burglary.

Woman and Three Children Stolen.

GREENSBURG, Pa., April 17.—Mrs. Zulia Hollis, wife of a miner at Hunker, a mining village near here, and her three children have been stolen away by a half-breed named Joe Dupont. The little village is excited over the affair and the husband is distracted over the loss. They were traced to West Newton, where they were known to be a dangerous man, will do harm to his children in order to get rid of them. Dupont is a wandering miner.

A Louisiana Tragedy.

MORGAN CITY, La., April 17.—Adolph Scheurick, a member of the Boyland Protective Police, in New Orleans, last night shot Mallie Francisco three times in the head, killing her. He then placed the revolver against his temple and killed himself. He leaves a wife and four children in New Orleans. She deserted her husband some months ago.

Light Punishment, Considering the Crime.

LANCASTER, Pa., April 17.—M. L. Denlinger, whose printing office was burned by Anthony Comstock, when seven wagon loads of obscene literature were captured, was to-day sentenced by Judge Brubaker to pay a fine of \$1,000 and undergo an imprisonment of three years in the penitentiary.

Earthquake in Vermont.

BURTONS, Vt., April 17.—Quite a sharp shock of earthquake was felt here at 11:20 a. m. to-day. Buildings and their contents were shaken, but there was no serious damage. The movement was from southwest to northeast and was of two seconds duration.

J. A. RICHARDSON, of Jefferson City, Mo., chief enrolling officer thirty-eighth general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed, I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure. Logan Drug Co., Wheeling, W. Va., B. F. Peabody, Bonwood, and Bowie & Co., Bridgeport, O.

Y. W. C. A. SECRETARIES.

The International Association Begins Its Session at Pittsburgh.

PITTSBURGH, Pa., April 17.—The secretarial conference of the International Association of Y. W. C. A. was held here to-day. It is a meeting of the secretaries of the different branches of the association preliminary to the convention which opens here to-morrow. Miss Mary S. Dunn, of Scranton, presided and Miss Edith Price, secretary of the international organization, acted as secretary. The following city organizations were represented at the conference: Chicago, Scranton, Pa., Sacramento, Cal., Lawrence, Mass., Lowell, Mass., Bay City, Mich., Detroit, Minn., Kansas City, Mo., New York, N. Y., New York City, Toledo, O., St. Joseph, Mo., Milwaukee, Bethlehem, Pa., Harrisburg, Lancaster, Williamsport, Wilkesbarre, Pa., Suffern, N. Y., Newburg, N. Y., Springfield, Mass., and Cleveland, Ohio.

The convention proper opens in the First Presbyterian church at 2:30 o'clock to-morrow afternoon and the session will be devoted to the hearing of the reports.

The evening session will be given to addresses. Delegates from 250 college and 65 city associations are expected.

ANOTHER BATTLE.

Between the British Forces and Natives at Samoghar—The Fatalities.

SIMLA, April 17.—The force commanded by Keller, numbering 600 men, who are hastening to the relief of Chitral, reached Samoghar on April 12. They found that the enemy had constructed sangers (stone breastworks), on the side of a ravine 250 feet high, through which the expedition had to pass. The natives were armed with Martini and Snider rifles. Two of the British mountain guns were employed in bombarding the sangers. While the pioneers attacked their breastworks in front a detached party crept up the side of the hill and took the natives on the flank, driving them out of their defenses. The British loss in the engagement was six killed and fifteen wounded. The enemy left behind them fifty dead and carried away a large number of wounded.

OLD WOMAN TORTURED.

By Masked Robbers—Another Outrage in Pennsylvania.

CORRY, Pa., April 17.—Three masked robbers visited a farmhouse about nine miles from this place last night. A family named Callahan occupied the house and with them lived Mrs. Hanlihan, aged eighty-five. The robbers suspected that she had money and they asked her where it was. Upon her refusal to tell they choked the old woman and finally burned her in a frightful manner with a lamp, the members of the Callahan family being kept in submission in the meantime by threats. The robbers secured \$23. The old woman will probably die from the effects of her fright and from her injuries. The same men afterwards visited the house of Thomas Moore, who was almost killed in an encounter with them.

FIVE WERE POISONED.

The Work of a Woman Who is Supposed to Be Insane.

NEW YORK, April 17.—Five young women, members of the Church Settlement Society of the Episcopal Church of the Redeemer, are just recovering from the effects of arsenic poisoning. The drug, it is thought, was administered by a young woman who came highly recommended and was taken into their household to enable her to study their methods of work. Miss Gurney, the head of the society, admits the truth of the foregoing statement. "There is no doubt," she said to-day, "but that it was the work of a maniac. I will not give the name of the woman we suspect, because if, by chance, she is innocent I do not wish the public use of her name to injure her. We cannot understand how the poison was put into the food, as the woman we suspect had nothing to do with cooking the dinner that night."

WORK OF RELIEF.

In Newfoundland—The British Commissioner's Plans.

NEW YORK, April 17.—A dispatch to the Evening Post from St. John's, N. F., says: Herbert Murray, the British commissioner, has completed his plans for the relief of the impoverished people of this island. Men will begin immediately on the city work; one man only from each family reported destitute will get employment. Many men will accept with a view of saving money to emigrate west, if there is no other prospect in the meantime. The commissioner has given a lump sum to the local soup kitchen to enable them to continue their work. The support of relief committees will also be given direct. All relief will be positively suspended on May 15, so as not to interfere with the fisheries.

ABOUT A WOMAN.

R. T. Ludlow Shot at While in Company of Another Man's Wife.

SPRINGFIELD, O., April 17.—R. F. Ludlow, superintendent of the Springfield Malleable Iron Works, was shot at three times on the street to-night by D. Z. Gardner, a prominent attorney. Ludlow met Gardner on the street with his wife and asked what it meant. He attempted to grapple with Gardner, when the shooting occurred, none of the shots taking effect. Ludlow's wife had recently sued him for divorce, but their troubles had been adjusted. A complaint was lodged with the police against Gardner, but at a late hour he had not been arrested. His friends say his meeting with Mrs. Ludlow was a professional one, and there was nothing improper about it.

Russian the Growler.

New York World.

The nomad of the Afghan steppes gazed earnestly across the grassy waste. "Ah!"

He marked the flying Kurds pursued by the irregular Russian horse.

"Those Cossacks are filled with intemperate zeal!"

"Always!"

He had his eye sunshaded by his hand—

"Chasing the Khan."

So saying, he turned with a sigh to his meagre goatskin of koumiss.

The Great Blood Purifier.

WESTON, W. Va., March 22, 1895.—"I have taken Hood's Sarsaparilla as a blood purifier, and believe it has no equal. I am now taking it for indigestion with good results. I recommend it to all who are suffering with impure blood."

THE WALLS COME DOWN.

The Remains of the Wrecked Main Street Buildings

BEING DEMOLISHED AS STEADILY

As Circumstances Allow. Although Little Progress is Perceptible From Day to Day—The Coroner's Jury to Begin Its Work This Morning—No Suits Entered.

This morning at 9 o'clock County Coroner Schultz and his jury will meet at the court house to begin the taking of testimony as to the responsibility for the disaster on Main street a week ago yesterday, by which six lives were lost. Nearly thirty witnesses have been summoned, and it is expected that several times that many will be brought before the jury and examined before the investigation ends.

Mr. Ford and Mr. Hutchisson are both getting well rapidly. Mr. O. E. Williams, one of those who were injured, left the hospital yesterday and returned to his home on Thirteenth street. He has entirely recovered.

Hallock Bros. men continued the work of tearing down the remaining walls of the Hutchisson and Chapman buildings yesterday, but the labor is very tedious. The contract with the city is to demolish the walls down to the top of the first story windows for \$500. This will remove all possible danger, which is all the city officials are concerned in.

As a result of getting wet while working on the fire in the Main street ruins, Chief Healy, of the fire department, is suffering from another attack of the rheumatism which troubled him so severely some time ago. Jack Crogan, of the Niagara engine house, is also laid up from injuries due to exposure and hard work on the occasion of the fire which followed the casualty.

There has been a great deal of talk about law suits growing out of the disaster, but so far none have been filed in the courts, and it is not authentically known that any are to be brought. All such reports may be put down as premature until after the coroner's jury has made its report. Photographs of the ruins were made yesterday for use as evidence if circumstances should make them useful.

"1492" Next Monday Night.

The Metropolitan success of two years in New York, "1492," will be seen here soon. Columns of praise have been showered on this notable entertainment throughout the country. It is a combination of opera, comique, farce, vaudeville and burlesque. Its theme ludicrously deals with the voyage of Christopher Columbus in the discovery of the New World, and the principal characters are King Ferdinand, Queen Isabella, the Frailein, royal Treasurer, Christopher Columbus, the Tramp and the Copper. The performance is of a strictly refined nature, and includes novel specialties of a high order, tableaux, marches, ballets, songs and dances. "1492," with its latest great novelty, a scene from "Tribby," will undoubtedly prove the most meritorious engagement of the season. It will be at the Opera House next Monday night, April 22.

Seats for "Wang."

"Wang," the most successful opera on the road, comes to the Opera House Saturday evening, April 20. The sale of seats opens this morning. One of the prettiest things in "Wang" is the chorus of little children. The little ones are the sweetest and cleverest who have yet appeared on the stage. In New York they made one of the distinct hits of the piece, and their song, "Baby, Baby, Dance My Darling Baby," is now sung by the children of the entire land.

MOONSHINE.

A Miscellaneous Melange of Minor Matters from Marshall's Metropolis.

County court has been in session for two days and will consume the remainder of the week. The general routine business of paying poor and road orders has consumed their time. Tomorrow afternoon there will be a test of road machines made on the road leading to Round Bottom. The county intends purchasing a machine for use on the county roads and if the test proves satisfactory will probably make the purchase at once.

Mrs. N. R. C. Morrow, of Fairmont, president of the state W. C. T. U., will meet with the ladies of the Moonshineville auxiliary at the M. E. church to-morrow afternoon at 2 o'clock, and in the evening will deliver a public address.

M. R. Wolf, superintendent, at Wheeling, and W. Hampfield, general manager, of the Central District and Printing Telegraph Company, were in the city yesterday inspecting their lines.

Major H. W. Hunter, cashier of the Marshall County Bank, is in Cincinnati on a business and pleasure trip. This is his first vacation in twelve years.

Rev. N. B. Johnson, pastor of the North street M. E. church, Wheeling, was in the city yesterday afternoon.

S. W. Dick was in Cameron on business yesterday.

Philip Cunningham, of Sardis O., is in the city.

Terrible Itching

"I had what the doctors pronounced to be eczema. It was accompanied by severe itching, and my limbs pained me a good deal and were swollen. I became all broken out with pimples. This caused me to scratch, and the eruptions turned into one solid sore. The disease spread all over my body."

Mr. E. T. Craty At length, my attention was called to Hood's Sarsaparilla, and I concluded to give it a trial. This was in April, and I continued faithfully until Christmas. At the same time I took the medicine, I ate anything that suited my appetite.

I am Now Cured and have no signs of the disease except a little inflamed color where the sore galled myself again." E. T. CRATY, Halfway, Va.
